How to use this printable

How to use these worksheets

- **Pick the right class**: Class 1 (worksheets 1–16), Class 2 (17–32), Class 3 (33–51), Class 4 (52–71), Class 5 (72–95 and money pages). If your child finds a page hard, go back a few pages.
- **One worksheet a day**, about 10 to 15 minutes. Write the time taken at the bottom and try to beat it next week, without mistakes.
- **Check together** with the answer key at the end. Redo the wrong ones the next day.

ACCURACY BEFORE SPEED
Ten minutes with no mistakes is better than five minutes with five mistakes.
